

Press Release

RDS Services, LLC sets new standard in Retiree Drug Subsidy plan recoveries with the launch of the Retiree Plan 360.

Troy Michigan, June 22th 2017

Today, RDS Services, LLC announced the launch of the organization exclusive Retiree Drug Plan comparison service tool **Retiree Plan 360**. This exclusive plan sponsor tool will generate a cost and benefit comparison between an Employer Group Waiver Plan and a Retiree Drug Subsidy supported drug benefit. In providing this comparison, plan sponsor will be able to determine the advantages of either drug plan design. Many plan sponsors have been approached to convert their existing self-funded Retiree Drug Plans (RDS) to Employer Group Waiver Plans (EGWP) under the pretext that the EGWP is more cost effective. However, the suggestion to convert to EGWP is more often not based on a comparison; rather, the inability to manage the Retiree Drug Subsidy plans requirements and maximize the subsidy. Retiree Plan 360 provides a report and determines if an EGWP plan is more or less cost effective compared with the current Retiree Drug Subsidy the plan sponsor is receiving through the RDS Service Centers subsidy process.

The development of this tool and accompanying report for plan sponsors is another value added service that the Subsidy Recovery Specialist at RDS Services, LLC provides on an exclusive basis. No other organization provides this proprietary drug plan management tool or comprehensive report. This report gives plan sponsors clarity, certainty and direction when deciding which plan format is the most beneficial to their organization cost structure and the retiree population that are served by the drug plan.

The National Sales Director for RDS Services, a published author on Medicare, an expert on the Retiree Drug Subsidy program; the 2003 Medicare Modernization Act as well as the 1997 Balance Budget Act was quoted as saying upon the report's release:

"RDS Services, LLC organization once again leads the way in providing plan sponsors useful tools and services to make sound decisions that are based in real world solutions. Our highly qualified and experienced team of Retiree Drug Subsidy analysts has created yet another superior tool for Retiree Drug Plan sponsors. The **Retiree Plan 360** tool allows plan sponsors to leverage the Retiree Drug Subsidy to the programs optimal subsidy outcomes".

RDS Services, LLC is the preeminent Federal Retiree Drug Subsidy Recovery Specialist in the nation with offices based in Troy, Michigan and New York City, New York.
