RDS Services announces the release of the Retiree Drug Subsidy benchmark report for plan year 2015 with complete plan sponsor recovery forecasting!

Troy Michigan, June 19th 2017

Today, RDS Services, LLC has released the company's annual benchmark report for all plan sponsors to request their Retiree Drug Subsidy shortage forecasts. This exclusive RDS Services, LLC report is a critical tool that enables plan sponsors to determine if the Retiree Drug Subsidy payments they have received for the 2015 plan year are accurate or should be reviewed through the RDS Service Centers reopening process.

The development of this report for plan sponsors is another value added service that the Subsidy Recovery Specialists at RDS Services, LLC provides on an exclusive basis. No other organization provides this proprietary report. The report dispels the misguided statements by other firms claiming knowledge of the Retiree Drug Subsidy environment that the reopening process is misleading and dangerous. This report disproves those vendors' claims and gives plan sponsors clarity, certainty and direction when deciding if a reopening and recovery is possible.

The National Sales Director for RDS Services, a published author on Medicare, an expert on the Retiree Drug Subsidy program, the 2003 Medicare Modernization Act as well as the 1997 Balance Budget Act was quoted as saying upon the report's release:

"RDS Services, LLC organization is proud to have our highly qualified and experienced team of Retiree Drug Subsidy analysts compile this annual benchmark report. The RDS Services annual benchmarking report has been a fulcrum for many plan sponsors that allows them to leverage the Retiree Drug Subsidy to the programs optimal subsidy outcomes".

RDS Services, LLC is the preeminent Federal Retiree Drug Subsidy Recovery Specialist in the nation with offices based in Troy, Michigan and New York City, New York.
